

NAMI Main Line PA – 2020 Accomplishments

(with a few of the appreciations we have received)

Information and Support

- Family-to-Family (F2F) education program, a 12-week program for family members of people who have mental illness that educates and supports and teaches coping skills. This year we offered one session of F2F in the winter before the onset of the pandemic. We plan to offer F2F online in the future.

“I wanted to let you know how much I appreciate all the time that you spent preparing for and teaching/facilitating our class. This was a profoundly moving and informative experience which I know will benefit not only me but my entire family. I expect to get together with those that want to remain in touch and I signed up as a member of NAMI Main Line this morning to ‘pay it forward’.”

- Graduates of Family-to-Family have formed multiple informal support groups and have organized informational presentations in response to participants’ needs, including:
 - Presentation on “Borderline Personality Order”, followed by a Q & A with Talya Lewis
 - Presentation on “Dialectical Behavior Therapy (DBT)” followed by a Q & A with Edie Manion
- Our support groups quickly transitioned to an online meeting format at the onset of the COVID-19 pandemic and have continued to meet regularly.
 - Bryn Mawr Family Support Group for family members – meets monthly
 - Havertown NAMI Family Support Group for family members – meets monthly
 - Parent Peer Support Group – meets weekly
 - NAMI Connection Recovery Support Group – now meets twice weekly
- Information and support in response to frequent e-mail and telephone requests

“Thank you for sending this helpful info!”

- Main Line NAMI Workshops and Forum presentations:
 - “Ask the Experts”, with Kathy Laws, Michael Harper, J.D. and Larry Real, M.D.
 - “How Illness Changes Families – And How Family Members Can Support Each Other”, with Ellen Berman, M.D.
 - “What People with Mental Illness Want You to Know”, with Melissa Rice
 - “Hope and Gratitude in these Challenging Times”, with Craig DeLarge
 - “[Balancing Compassionate Kindness with Limit Setting](#)”, with Sarah Freudberg and Ingrid Waldron, scheduled for November 15

“Thanks for a very informative and helpful session.”

Community Outreach

- Ten educational presentations to groups, including elementary school students, nursing students, medical students, physician’s assistant students, community organizations, and congregations

“Thank you very much for speaking with the Penn Nursing class yesterday. I’m grateful for your generosity in talking about your personal experiences and knowledge.”

Our programs and responses to individual inquiries served an average of 265 people each quarter in 2020.
